Avenida Moaci 1885
Planalto Paulista
04083-005
São Paulo, SP
Brazil

languages

native portuguese
fluent english
spanish notions

programming

Python, R
Django, Numpy, Scipy
Ruby on Rails
C, C++, Java
PostgreSQL
JavaScript
CSS3 & HTML5

interests

Data science, big data, information/network security, artificial intelligence, machine learning, data mining, innovation, new technologies

education

- 2012 - 2017 **B.Sc.** Federal University of São Carlos – UFSCar, Sorocaba
Majoring in Computer Science
- 2013 – 2014 **Exchange Program** Bangor University – Bangor, Gwynedd, United Kingdom
Science Without Borders Program - fully funded scholarship recipient
Non-graduating Undergraduate in Computer Sciences
Non-degree seeking credits at Undergraduate Bachelor degree level

volunteer

- since 2015 **TECHO I TETO** Volunteer
Volunteer in building emergency houses for people in extreme poverty conditions.

courses

- 2015 **Coursera** Several Universities
Data Analysis and Statistical Inference
Big Data em Saúde no Brasil
The Data Scientist's Toolbox
R Programming
- 2015 **Reuso de Software através de Linhas de Produto de Software** UFSCar
Gerar produtos específicos com base no reuso de uma infraestrutura que contempla arquitetura de software, componentes, padrões de projeto e métodos de planejamento.
Duração: 40 horas
